INTERPRETER IS USED IN COURT

Interesting Proceeding in Connection
With Damage Suit Involving
Estate of South Africa

WIDOW SPEAKS NO ENGLISH

Maxwell Motor Company is Defend-
dant in Case in Which Negli-
gence is Alleged

For the first time in many years an interpreter was necessary in the circuit court today in order to successfully question a witness. The case in question is the \$10,000 damage suit of the Central Savings and Trust Company of Newcastle, administrator of the estate of Thomas Miller, a native of South Africa, against the Maxwell Newcastle Company.

Miller died as the result of tuberculosis and in the damage suit it is alleged that because of the negligence of the Maxwell company in not providing sufficient ventilation in the sand blasting room he contracted the disease. Miller came to the country following the Boer war and he so hated the English that he would not permit the English language to be spoken in his home.

Mrs. Miller, the widow, speaks very little English, and prefers to use her native tongue, the Dutch, as spoken in Holland. As a result of this in examining her the questions were first given to an interpreter, who in turn submitted the questions to her. The case is very interesting and promises to be one of the hardest fought damage suits tried here for some time. Mrs. Miller accompanied by her four smallest children occupied chairs in the court room. The children speak hardly any English.

Miller worked for the automobile concern for several years and when the sand blasting department was added to the factory he worked there. The complaint states that he was healthy and strong and came from a country where this disease is unknown.

The physicians were the first witnesses in the case and were followed by Mrs. Miller. In the opening statement attorneys for the defendant company stated that the equipment in the sand blasting room at the factory was modern throughout and had been built by the very best engineers obtainable and that the company denied all responsibility for Miller's death. The case is expected to occupy several days.

The jury is as follows: Boone Powers, W. P. King, Jesse Bales, Mauzy Behout, A. M. Hodge, D. C. Aldridge, Chester Cross, Claude Giffin, J. E. Wynn, Patrick Carroll and L. B. Miller.

The attorneys representing the Central Trust company are Forkner and Forkner, of Newcastle and Watson, Tittsworth and Green, of this city. The defendant is represented by Lon Bracken, of Muncie and Kiplinger and Smith of this city.

PURSUED AMERICAN SHIP.

(By United Press.)
New York, June 2.—The New York Tribune today printed a story by its special correspondent aboard the American steamer St. Paul, from Liverpool, in which the claim is made that the captain of the boat admitted being pursued by a German submarine as far as the bar at the river Mersey.

—Harold Haskett went to Indianapolis today for a short visit with friends.

—Mrs. Ed Jackson of Raleigh was the guest today of her daughter, Mrs. John Nipp of this city.

And Select Representatives to At-
tend Great Council Meeting

The following officers were elected last night by the Red Men for the ensuing year: John Wolter, senior sagamore; Tom Smith, junior sagamore; John T. Kirkpatrick, sachem; Walter Smith, prophet; Will Havens, trustee; Laverne Moore, degree captain; S. D. Kirkpatrick, district deputy. The following are the representatives from the local lodge to the great council meeting: Will Ash, John O'Reilly; Laverne Moore, S. T. Kirkpatrick, Robert Newkirk, Alva Stevens and Will Manning.

JURY DISAGREES IN ACCOUNT SUIT

Unable to Reach a Verdict in Case
Involving Cream Separator—
is Second Time

WILL LIKELY BE TRIED AGAIN

For the second time the jury hearing the account suit of John E. Patton against Jack Reed in which the sale of a cream separator and \$75 were involved, failed to agree upon a verdict and was discharged by the court.

The jury reported to the court yesterday about four o'clock that it was unable to agree. The jury deliberated for over five hours and is understood to have stood 9 to 3 in favor of the defendant. The first time the case was tried the jury stood 8 to 4. The costs of the two trials have exceeded the amount demanded in the complaint, but it was stated today that Mr. Patton, the plaintiff would insist on another trial.

TO SELL PROPERTY AT PUBLIC SALE

Administratrix of Estate of Late
William Price Granted This Right
Today by the Court.

SAYS BEST BID WAS \$2,600

Following the suit filed yesterday to remove her as administratrix of the estate of the late William Price, Mrs. Louisa Price this morning filed a petition asking that the property involved be sold at a public sale. The petition was granted and the property will be sold to the highest bidder.

A previous order of the court offered the property for sale at private sale and according to the petition filed this morning by the administratrix she has received but three bids, the highest being from Lola Havens, one of the heirs to the estate. The petition states that this bid was the best received and was for \$2,600. Mrs. Price says that she did not sell because she believed the property was worth \$2,750. It is also stated that she would have sold to Mrs. Havens but that Mrs. Havens went back on the deal, being unable to get the money. The sale will be held on July 2.

DANISH STEAMER ATTACKED.

(By United Press.)
London, June 2.—The Danish steamer Soeborg was torpedoed by a German submarine, according to admiralty dispatches this afternoon.

BERT MULLIN IS RE-ELECTED

No Opposition to His Candidacy For
School Trustee And Election
is by Acclamation

TO ENFORCE OLD ORDINANCE

Trees Must be Trimmed so That
Limbs Are at Least Ten Feet
Above The Sidewalk

Bert Mullin was re-elected a member of the school board by the city council last night at the regular meeting. The term is for a period of three years. There were no other candidates for the place and his election by acclamation.

An old ordinance regarding the trimming of limbs from trees so that they must be ten feet above the side walks will be dusted off and enforced. Because of the rains of the past few weeks in many places in the city the trees overhang the sidewalks so that it is impossible to walk under them without hitting the limbs. The existing condition was brought to the attention of the council. The mayor will see that the police enforce the ordinance. The ordinance provides, that limbs over the sidewalk must be at least ten feet above the sidewalk. The ordinance provides that the property owner be notified and then if he does not trim the trees the city shall and charge the work to the property owner.

The water committee reported that it believed that the city would have to abandon the water well on the Jounes land over next the river. This well was at one time connected on the same line as the old Pinnell-Tompkins well and now when it is turned into the mains there is a certain amount of gas and oil noticeable. The committee suggested that the council find a place for another well and that the equipment now at this old well be used in the new well. The committee was given power to act. It was stated that there was no danger of a water famine but this was to be done merely as a matter of precaution.

The finance committee reported that the March and April reports of the city treasurer had been audited and found correct. The May report was ordered referred to the committee.

The street committee will get two car load of gravel for further repair of the streets.

The question of a new bell tower for the fire bell was taken up and discussed. The council is considering a steel tower. The present frame structure is in very bad condition and something will have to be done. The matter was left in the hands of the water and light committee with a request that a report be made at the next meeting.

The question of the extension of water mains in East Ninth street as far as George street was referred to the fire committee.

Councilman Brann suggested to the council that a stand pipe be placed some place on Second street near the avenue for the purpose of getting river water for sprinkling purposes. In the northern part of the city there has been considerable complaint every time the streets are sprinkled because the water is taken from the city mains, thus making the water very muddy. This is against the strict order of the council as the water is supposed to be taken from the river main at the water and light plant. This practice will be stopped and the council will consider the advisability of getting water from the river or from one of the old wells.

WOULD PLACE ROUTE ON MAP

President of Chamber of Commerce
Believes Brookville—Rushville
Road Should be Listed

IS NOT IN THE "BLUE" BOOK

Meeting May be Called Soon And
Question of Co-Operating May
Be Considered

The question of co-operating with Lafayette and getting an "airline route" through this city to Brookville and Cincinnati to take the place of the Dixie highway that Rushville did not get may be taken up at a meeting soon of the Chamber of Commerce.

Samuel L. Trabue, president of the Chamber of Commerce, believes that something should be done towards advertising the road through Rushville and Brookville as the direct route to Cincinnati. He believes that this route should be placed in the "Blue" books used by motorists.

At present this route is not even given and tourists going over that road known only from hear say or past experience that the road is good and is shorter. In the "Blue" book the only given route between Rushville and Cincinnati is through Connersville, the Brookville route not even being listed.

In case tourists took the east wing of the original Dixie highway they would go north through Dayton, O. and then west along the national road to Indianapolis. This short route between Cincinnati and Indianapolis has just as good roads and there seems no reason why it should not be advertised and brought to the attention of motorists.

This is the idea of President Trabue. He believes that when the route books are again made it should be so stated in the book, giving the mileage and the advantages to be gained by coming in this direction.

The people of Brookville, since they lost the Dixie highway, are in favor of the "airline route" to Chicago down through Lafayette, Indianapolis and then to Cincinnati by way of Rushville and Brookville. They want to call a meeting soon and plan some way of getting this route before the public. The Brookville people have suggested that Rushville call a meeting and discuss this plan. In case a meeting is called Brookville promises to send a large delegation.

AGED MAIDEN WOMAN DEAD

Miss Mary Barnes Expired at Home
of Nephew in Farmington

Miss Mary Ellen Barnes age 77, died early this morning at the home of her nephew, E. C. Barnes, in Farmington. Death was caused by cerebral hemorrhage. Miss Barnes was born in Fleming county, Kentucky, in 1838, and had been making her home with Mr. and Mrs. E. C. Barnes for a number of years. The funeral will be held Thursday afternoon at one o'clock, at the Flat Rock Christian church, and the burial will take place in the Salt Creek cemetery.

DECLARES IT WAS MURDER

Coroner's Jury Thus Character-
izes Zeppelin Raid on London.

(By United Press.)
London, June 2.—"Murdered by some agent of a hostile force" was the jury's verdict today on the deaths of Henry Good and wife, two of the victims of the first Zeppelin raid on London.

The jury found that they died from suffocation and burns sustained when incendiary bombs, hurled from Zeppelins, fired their house. The coroner scored Germany in his speech to the jury declaring it was barbarous to attack defenseless citizens in their bed rooms.

DESIRES TO KNOW HOW COUNTRY FEELS

President Delays Sending Note That
May Mean War or Peace, to
Germany.

RECEIVES MANY MESSAGES.

(By United Press.)
Washington, June 2.—President Wilson's new note hung fire today. The executive was still gathering facts bearing on the case. He conferred with Count Bernstorff, the German ambassador, and studied carefully the memoranda compiled by members of his cabinet setting forth their views.

Hundreds of telegrams from leading Americans were constantly arriving and were being sent direct to the Whitehouse study at the request of the president.

It was the president's intention to know clearly what the country really wanted before he prepares drafts of the outline of the reply that may mean peace or war.

SUCCESS DEPENDS ON KNOWLEDGE

Theme of Dr. V. W. Tevis' Address
Delivered to Township Gradu-
ates This Afternoon.

AUDITORIUM IS CROWDED

Dr. V. W. Tevis of this city delivered the class address this afternoon at the Annex Auditorium, to the one hundred and fifty-seven graduates from the township schools. The large auditorium was packed, and only standing room was available. Dr. Tevis delivered an interesting address to the young graduates, and impressed upon them that education and knowledge were important factors in making their life a success.

Dr. Tevis told them that education however, was merely a start, and that knowledge was what gained success. "What you now know," continued Mr. Tevis, "is small compared to what you ought to know, and is like a drop of water before a shower." The doctor mentioned three things which were essential for a successful life. The person must choose a vocation; not only choose a vocation, but he must be adapted for that one particular pathway of life.

And to be successful, he must love his chosen vocation. Furthermore, Mr. Tevis emphasized the fact that they should keep in touch with mirth, and to get the best out of life, one must do so.

Dr. Tevis, throughout his address, told interesting stories.

Wants Protection.

(By United Press.)
Washington, June 2.—Demand that the present Mexican leaders act, and act together "for the relief and redemption of their prostrate country" was made today by President Wilson.

In an open review of the Mexican condition, the president said they could no longer be tolerated. Unless the Mexican leaders act as the president warns them "this government will be constrained as to what means will be employed by the United States" in order to help Mexico save herself and her people.

The president declared that it is time that the government of the United States should state its policy. "It must presently do so," he said. "It will have to do what it has not heretofore done or felt at liberty to do, lend its active moral support to some man or group of men, if such can be found, who can rally the suffering people of Mexico to their support, in an effort to unite the warring factions of the country and return to a constitutional form of government which the great powers of the world will recognize and deal with, a government which will be a business and not merely a platform."

DOZENS KILLED

(By United Press.)
Galveston, Tex., June 2.—Fully a dozen Americans have been killed near Tampico in the past few days, according to Captain Lane, of the steamship Winifred which arrived here today from Tampico. He said the entire country thereabouts is terrorized by bandits who pay no attention to American life or property.

DEMURRER IS SUSTAINED

Props Knocked From Under Judge
Redman's Case

(By United Press.)
Indianapolis, Ind., June 2.—The state supreme court today knocked out from Judge Eli Redman, of Vigo county, what the attorney general believes, was the last prop holding him on the Terre Haute bench. It sustained the demurrer of the attorney general to the answer filed by Redman's attorneys setting out that Redman could not be impeached pending an appeal from the federal court. Judge Redman is now in Leavenworth prison with' Donn Roberts and other Terre Haute conspirators.

HEAVY DOWNPOUR.

A heavy downpour of rain in Arlington last evening about five o'clock resembled a cloudburst. No damage resulted. The rain continued to come down in torrents for about fifteen minutes.

Margaret A. Wyrick, administratrix of the estate of the late William Wyrick has filed a petition in court to sell real estate.

Cecil Warth has filed suit on a note against C. W. Phillips and B. W. Wisker, demanding \$200.

"BEST" Says the Housewife too

Millions of them say Calumet is "best"—and millions of them use Calumet day after day for bakings of every kind, for just one reason—its certainty of good results

They know that every time they bake with Calumet, the baking will be fluffy and light as down—tempting and tasty and easily digested. They know that they'll never waste time or materials—that every baking will turn out right. For experience has shown them that with Calumet failures are almost impossible.

That alone is worth the highest price you ever paid for baking powder—but as a matter of fact, Calumet shows a great saving in price over "trust" brands, and is more economical in use than cheap "big-can" brands.

Teaching Middies To Talk

(From The Philadelphia Inquirer)

Those who are pessimistic about our army and navy should cheer up. We may not be keeping up with other nations in the matter of battleships and in adding to our standing army, but we are constantly introducing little innovations which are bound to make our soldiers and sailors attractive to one another and to the fair sex. Thus every battleship is to be a floating schoolroom and the clumsiest jack tar will be able to sew on a button and even in a pinch, to do knitting and fancy work. But that is not all, Secretary Daniels was at

**TENT NO GOOD
AS AN OFFICE****President Will Not Again Try Plan****of Using Canvass For Summer****Office at Whitehouse****PAPERS BLEW ON THE LAWN****Executive Office is Hot Enough But****Not Near The Trouble The****Tent Caused**

BY JOHN EDWIN NEVIN

(U. P. Staff Correspondent.)

Washington, June 2.—Tent life in Washington is a complete failure. If you don't believe it ask President Wilson. Last summer, with congress on his hands, the President viewed the approach of the heated season with alarm. He had heard the various stories of temperatures that ranged above the 100 mark for weeks at a time. So he talked the matter over with various attaches of the White House. They suggested that it would be a fine plan to dig out of the garret the ancient tent that had done duty as a sort of dressing tent for former President Roosevelt and pitch it in the grounds overlooking the Potomac.

"Great idea!" President Wilson is understood to have replied. "Fix it up."

Well it was fixed up. It was a thing of beauty and a joy forever. With a fly overhead to shut off the rays of the sun, and pegged out between two beautiful elm trees, it seemed a wonderful office.

The President thought so for a day. There was a fine mahogany flat topped desk equipped with telephones and all the labor saving devices of the ordinary man. In one corner was a fine little table with a cut glass pitcher filled with lemonade. Easy chairs were in convenient corners.

"Send in the callers," said the President on the first day.

Hon. Patrick H. McKenna, chief doorkeeper for the Chief Executive and the one individual who has the ability to make it plain even to a testy United States senator that he has overstayed his time began the ushering of callers to the President. Along a hall, down a flight of stairs and out to the tent he took the first seeker after the Presidential favor. He had five minutes to stay. After the Honorable Patrick had waited ten minutes he went in search of the missing applicant. He was talking oblivious to the flight of time. The calendar fixed to excuse the President at noon ran over until well past one o'clock, the hour fixed by custom for the Presidential lunch.

From then on Patrick McKenna was against the tent.

But the President still believed it a good thing, he went out there in the afternoon to be alone with the problems of state. He said nothing to anyone at the house. Two hours after he entered the tent a sudden squall and rain storm came up and the wind blew the Presidential papers all over the greenward.

The next day the morning program was the same. In the late afternoon the President went back to do some work. The wind was from the Potomac river. On its wings it brought the real thing in mosquito. And he brought all of his uncles, all his cousins and his aunts, to say nothing of his more intimate relatives. What they did to the Presidential epidermis would not be a nice thing for a patriot who does not know how to exterminate mosquitoes to record. But for a few days there was an irate Chief Executive.

From time to time through the summer the tent was used. But it was far hotter than the executive office which has several tons of ice distributed where it will cool the incoming air. And gradually the tent fell into disrepute. But the final blow off came one afternoon when the President was dictating a paper of state to his private stenographer, Charlie Swen. Just a short distance away is the White House tennis court. It has not been used much by the family but the Hon. Joseph Tumulty, secretary to the president and chief buffer between him and the Ancient and Amalgamated Order

of Job Seekers, utilizes it to keep rapidly increasing weight which he says is coming because he follows the now famous "By the reduction plan" of not eating more than one meal that would do for a good sized section gang. And this day Secretary Tumulty and members of his "tennis cabinet" were trying to show tennis should not be played. The President watched the wonderful antics of the players and listened to their joyous repartee for half-an-hour or so and then said:—

"Come on Charlie, this is no place to work."

From then on the tent was abandoned. Today Secretary Rudolph Forster asked the President whether it would be a good plan to have it refitted for active service.

"Yes," was the reply, "If Tumulty needs it for a tennis dressing room to aid his weight reducing. From now on we will stick to the office to do our work."

The board of review will begin its thirty day session next Monday. Besides fixing the appraisal of all corporation property in Rush county, the board this year will have to look after real estate appraisements, and from all indications this alone will keep the board busy. Numerous complaints have been heard regarding the increase in real estate assessments and many have stated that they will appeal to the review board.

The board always begins its session the first Monday in June and from the amount of business to come before the board this time will hardly be long enough. The board of review is composed of two members appointed by Judge Sparks, the county treasurer, the auditor, and the county assessor. Judge Sparks has appointed Will Havens and Allen Newson.

\$3000.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

FULTZ HAS NOT GIVEN UP HOPE

Head of Baseball Fraternity Believes High Moguls Will Listen to Demands

IS NO DANGER OF STRIKE

Much Speculation as to What he Has up His Sleeve at Present—He is a Shrewd One

BY BARRY FARIS
(U. P. Staff Correspondent.)

New York, June 2.—Davy Fultz evidently has not given up final hope of getting Baseball Organizations to recognize some of the Baseball Players Fraternity Demands. Despite repeated cold shoulder turn-downs by the big Baseball powers Fultz is as warmly championing his cause as if he had been given all the encouragement in the world.

But whatever becomes of the mysterious antics of the Baseball Players Fraternity's chief press agent there is little danger of any sensational work like that employed last summer. To call a baseball player strike now and have its members ignore the unions' demand for a walkout would be damaging to both the player's cause and the national game itself.

Fultz's shrewd activity among the chief moguls has caused some speculation as to what he has up his sleeves. With the Federal League question still rankling the baseball heads are hardly in a temper to listen to any demands from the players. And whether Fultz realizes it or not the players themselves do not seem inclined to force any issue just now.

The Federal League has absorbed about all the major league talent it can stand. There are indications that it has even dosed itself with the best playing ability on the market. But at any rate there is no haven awaiting for the stars of both big leagues, should their requests to the National Commission be turned down again, granting that is what Fultz is doing. Federal league teams are suffering from poor gate receipts as are all the big leagues this season and unless President Fultz has some real dope to talk about will hardly get the magnates' attention for any length of time.

In fact it is not known what Davy has on his chest. He is so elusive that not even other Fraternity agents know his plans. He holds conferences after conferences with these agents and then they all depart, smiling but silent.

He probably is raking over certain demands made last year by the Fraternity, and which the Commission flatly turned down. If he has any new leads he would not be so anxious to guard them. For without publicity all the demands in the world of the Fraternity would avail nothing. And old boy Davy knows this as well as any other press agent.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santal Remedies. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santal Remedies Co., 802 Madison Ave., Covington, Ky.

DANVILLE REMAINS DRY

Township Gives Majority of 96 Votes Against Saloons

Danville, Ind., June 2.—By an increased majority Center township, including the city of Danville, voted "dry" yesterday. The "dry" majority was ninety-six, an increase of twenty-six votes over two years ago. The vote was very heavy, nearly 1,000 being cast. The women of the city took an active part in the election, remaining at the polls all day and assisting in getting out the vote. Many college students were challenged when they voted and prosecutions are likely to follow.

THE BEST PROOF

Given by a Rushville Citizen.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Rushville residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Rushville residents.

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "I had to get up several times at night to pass the kidney secretions, which were sometimes attended with pain. I had severe backaches, too. I finally got Doan's Kidney Pills at Johnson & Co.'s Drug Store and it did not take them long to make me well. The pains left and the action of my kidneys became regular."

(Statement given June 1910.)

Over two years later, Mr. Levi said: "I am still free from kidney weakness, thanks to Doan's Kidney Pills."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

QUESTIONS ASKED COUNTY CHAIRMEN

National Democratic Organization Obtaining Feeling Regarding President

ASKS ABOUT PROGRESSIVES

"Have the Republicans and Progressives in your county gotten together, or are they getting together? If the national election should occur today would Democracy fare better or worse than in 1912?" and a large number of other questions are asked of Samuel Trabue, chairman of the Democratic county central committee in a list of questions which he has received from the national headquarters of the party in Washington.

These questions are being asked of all county chairmen in the United States. The poll, which is thus being taken, is the first any party has undertaken of a nation-wide character in preparation for the 1916 campaign. Questions are also asked about business conditions and how the Democrats feel towards the president and his administration. The condition of the Republican party is also asked as to whether organization is alive and as to what results they have attained.

Backbone or a Wishbone?

It is always better to have a backbone than a wishbone. It's better to wander a bit and then get back than never to act at all and wish you had. Experience teaches.

Each week for years I've been telling you fellows what I thought was the best thing for you when you need a pair of shoes. Come to the place where the stock is known to be right. How many thousands have followed the lead, I don't know, but certain it is that those who haven't are few. If you are one of "the few" again I say "Try It."

There isn't a chance in the world it will hurt you. The majority of your neighbors say it will help. If you find you don't agree with them it's a Short Cut Back. I know the trip will do you good. Next time you need a pair "get started" for once and see for yourself how the going is in a pair of our snappy shoes.

INTERPRETER IS USED IN COURT

Interesting Proceeding in Connection
With Damage Suit Involving
Estate of South Africa

WIDOW SPEAKS NO ENGLISH

Maxwell Motor Company is Defend-
ant in Case in Which Negli-
gence is Alleged

For the first time in many years
an interpreter was necessary in the
circuit court today in order to suc-
cessfully question a witness. The
case in question is the \$10,000
damage suit of the Central Savings
and Trust Company of Newcastle,
administrator of the estate of
Thomas Miller, a native of South
Africa, against the Maxwell New-
castle Company.

Miller died as the result of tuber-
culosis and in the damage suit it is
alleged that because of the negli-
gence of the Maxwell company in
not providing sufficient ventilation in
the sand blasting room he contracted
the disease. Miller came to the
country following the Boer war and
he so hated the English that he
would not permit the English lan-
guage to be spoken in his home.

Mrs. Miller, the widow, speaks
very little English, and prefers to
use her native tongue, the Dutch, as
spoken in Holland. As a result of
this in examining her the questions
were first given to an interpreter,
who in turn submitted the questions
to her. The case is very interesting
and promises to be one of the hard-
est fought damage suits tried here
for some time. Mrs. Miller accom-
panied by her four smallest children
occupied chairs in the court room.
The children speak hardly any
English.

Miller worked for the automobile
concern for several years and when
the sand blasting department was
added to the factory he worked
there. The complaint states that he
was healthy and strong and came
from a country where this disease
is unknown.

The physicians were the first
witnesses in the case and were fol-
lowed by Mrs. Miller. In the open-
ing statement attorneys for the de-
fendant company stated that the
equipment in the sand blasting room
at the factory was modern through-
out and had been built by the very
best engineers obtainable and that
the company denied all responsi-
bility for Miller's death. The case
is expected to occupy several days.

The jury is as follows: Boone
Powers, W. P. King, Jesse Bales,
Mauzy Behout, A. M. Hodge, D. C.
Aldridge, Chester Cross, Claude
Giffin, J. E. Wynn, Patrick Carroll
and L. B. Miller.

The attorneys representing the
Central Trust company are Forkner
and Forkner, of Newcastle and Wat-
son, Tittsworth and Green, of this
city. The defendant is represented
by Lon Braeken, of Muncie and
Kiplinger and Smith of this city.

JURY DISAGREES IN ACCOUNT SUIT

Unable to Reach a Verdict in Case
Involving Cream Separator—
is Second Time

WILL LIKELY BE TRIED AGAIN

For the second time the jury hear-
ing the account suit of John E.
Patton against Jack Reed in which
the sale of a cream separator and
\$75 were involved, failed to agree
upon a verdict and was discharged
by the court.

The jury reported to the court
yesterday about four o'clock that
it was unable to agree. The jury
deliberated for over five hours and is
understood to have stood 9 to 3 in
favor of the defendant. The first
time the case was tried the jury
stood 8 to 4. The costs of the two
trials have exceeded the amount de-
manded in the complaint, but it was
stated today that Mr. Patton, the
plaintiff would insist on another
trial.

TO SELL PROPERTY AT PUBLIC SALE

Administratrix of Estate of Late
William Price Granted This Right
Today by the Court.

SAYS BEST BID WAS \$2,600

Following the suit filed yesterday
to remove her as administratrix of
the estate of the late William Price,
Mrs. Louisa Price this morning filed
a petition asking that the property
involved be sold at a public sale. The
petition was granted and the prop-
erty will be sold to the highest
bidder.

A previous order of the court of-
fered the property for sale at private
sale and according to the peti-
tion filed this morning by the admin-
istratrix she has received but three
bids, the highest being from Lola
Havens, one of the heirs to the es-
tate. The petition states that this
bid was the best received and was
for \$2,600. Mrs. Price says that she
did not sell because she believed
the property was worth \$2,750. It
is also stated that she would have
sold to Mrs. Havens but that Mrs.
Havens went back on the deal, being
unable to get the money. The sale
will be held on July 2.

BERT MULLIN IS RE-ELECTED

No Opposition to His Candidacy For
School Trustee And Election
is by Acclamation

TO ENFORCE OLD ORDINANCE

Trees Must be Trimmed so That
Limbs Are at Least Ten Feet
Above The Sidewalk

Bert Mullin was re-elected a mem-
ber of the school board by the city
council last night at the regular
meeting. The term is for a period
of three years. There were no other
candidates for the place and his
election by acclamation.

An old ordinance regarding the
trimming of limbs from trees so that
they must be ten feet above the side-
walks will be dusted off and enforced.
Because of the rains of the past
few weeks in many places in the
city the trees overhang the side-
walks so that it is impossible to
walk under them without hitting the
limbs. The existing condition was
brought to the attention of the coun-
cil. The mayor will see that the
police enforce the ordinance. The
ordinance provides, that limbs over
the sidewalk must be at least ten
feet above the sidewalk. The ordi-
nance provides that the property
owner be notified and then if he does
not trim the trees the city shall and
charge the work to the property
owner.

The water committee reported
that it believed that the city would
have to abandon the water well on
the Jones land over next the river.
This well was at one time connected
on the same line as the old Pinnell-
Tompkins well and now when it is
turned into the mains there is a cer-
tain amount of gas and oil notice-
able. The committee suggested that
the council find a place for another
well and that the equipment now at
this old well be used in the new well.
The committee was given power to
act. It was stated that there was no
danger of a water famine but this
was to be done merely as a matter
of precaution.

The finance committee reported
that the March and April reports
of the city treasurer had been audit-
ed and found correct. The May re-
port was ordered referred to the
committee.

The street committee will get two
ear load of gravel for further re-
pair of the streets.

The question of a new bell tower
for the fire bell was taken up and
discussed. The council is consider-
ing a steel tower. The present
frame structure is in very bad con-
dition and something will have to be
done. The matter was left in the
hands of the water and light com-
mittee with a request that a report
be made at the next meeting.

The question of the extension of
water mains in East Ninth street as
far as George street was referred to
the fire committee.

Councilman Brann suggested to
the council that a stand pipe be
placed some place on Second street
near the avenue for the purpose of
getting river water for sprinkling
purposes. In the northern part of the
city there has been considerable
complaint every time the streets are
sprinkled because the water is taken
from the city mains, thus making
the water very muddy. This is
against the strict order of the coun-
cil as the water is supposed to be
taken from the river main at the
water and light plant. This practice
will be stopped and the council will
consider the advisability of getting
water from the river or from one of
the old wells.

WOULD PLACE ROUTE ON MAP

President of Chamber of Commerce
Believes Brookville—Rushville
Road Should be Listed

IS NOT IN THE "BLUE" BOOK

Meeting May be Called Soon And
Question of Co-Operating May
Be Considered

The question of co-operating with
Lafayette and getting an "airline
route" through this city to Brook-
ville and Cincinnati to take the place
of the Dixie highway that Rushville
did not get may be taken up at a
meeting soon of the Chamber of
Commerce.

Samuel L. Trabue, president of
the Chamber of Commerce, believes
that something should be done to-
wards advertising the road through
Rushville and Brookville as the di-
rect route to Cincinnati. He be-
lieves that this route should be plac-
ed in the "Blue" books used by
motorists.

At present this route is not even
given and tourists going over that
road known only from hear say or
past experience that the road is good
and is shorter. In the "Blue" book
the only given route between Rush-
ville and Cincinnati is through Con-
nersville, the Brookville route not
even being listed.

In case tourists took the east wing
of the original Dixie highway they
would go north through Dayton, O.
and then west along the national
road to Indianapolis. This short
route between Cincinnati and Indi-
anapolis has just as good roads and
there seems no reason why it should
not be advertised and brought to the
attention of motorists.

This is the idea of President
Trabue. He believes that when the
route books are again made it
should be so stated in the book, giv-
ing the mileage and the advantages
to be gained by coming in this di-
rection.

The people of Brookville, since
they lost the Dixie highway, are in
favor of the "airline route" to
Chicago down through Lafayette,
Indianapolis and then to Cincinnati
by way of Rushville and Brookville.
They want to call a meeting soon
and plan some way of getting this
route before the public. The Brook-
ville people have suggested that
Rushville call a meeting and discuss
this plan. In case a meeting is
called Brookville promises to send a
large delegation.

AGED MAIDEN WOMAN DEAD

Miss Mary Barnes Expired at Home
of Nephew in Farmington

Miss Mary Ellen Barnes age 77,
died early this morning at the home
of her nephew, E. C. Barnes, in
Farmington. Death was caused by
cerebral hemorrhage. Miss Barnes
was born in Fleming county, Ken-
tucky, in 1838, and had been making
her home with Mr. and Mrs. E. C.
Barnes for a number of years. The
funeral will be held Thursday after-
noon at one o'clock, at the Flat Rock
Christian church, and the burial
will take place in the Salt Creek
cemetery.

DEATH OF A CHILD

Goldie May Pollitt, age one year
and four months, daughter of Mr.
and Mrs. Jasper Pollitt of Morris-
town died Monday morning. The
funeral was held today at one
o'clock and burial took place in the
Arlington cemetery.

DECLARES IT WAS MURDER

Coroner's Jury Thus Character-
izes Zeppelin Raid on London.

(By United Press.)
London, June 2.—"Murdered by
some agent of a hostile force" was
the jury's verdict today on the
deaths of Henry Good and wife, two
of the victims of the first Zeppelin
raid on London.

The jury found that they died
from suffocation and burns sustain-
ed when incendiary bombs, hurled
from Zeppelins, fired their house.
The coroner scored Germany in his
speech to the jury declaring it was
barbarous to attack defenseless citi-
zens in their bed rooms.

DESIRES TO KNOW HOW COUNTRY FEELS

President Delays Sending Note That
May Mean War or Peace, to
Germany.

RECEIVES MANY MESSAGES.

(By United Press.)
Washington, June 2.—President
Wilson's new note hung fire today.
The executive was still gathering
facts bearing on the case. He con-
ferred with Count Bernstorff, the Ger-
man ambassador, and studied care-
fully the memoranda compiled by
members of his cabinet setting forth
their views.

Hundreds of telegrams from lead-
ing Americans were constantly ar-
riving and were being sent direct to
the Whitehouse study at the request
of the president.

It was the president's intention to
know clearly what the country real-
ly wanted before he prepares drafts
of the outline of the reply that may
mean peace or war.

SUCCESS DEPENDS ON KNOWLEDGE

Theme of Dr. V. W. Tevis' Address
Delivered to Township Gradu-
ates This Afternoon.

AUDITORIUM IS CROWDED

Dr. V. W. Tevis of this city deliv-
ered the class address this afternoon
at the Annex Auditorium, to the one
hundred and fifty-seven graduates
from the township schools. The
large auditorium was packed, and
only standing room was available.
Dr. Tevis delivered an interesting
address to the young graduates, and
impressed upon them that education
and knowledge were important fac-
tors in making their life a success.

Dr. Tevis told them that educa-
tion however, was merely a start,
and that knowledge was what gained
success. "What you now know,"
continued Mr. Tevis, "is small com-
pared to what you ought to know,
and is like a drop of water before a
shower." The doctor mentioned
three things which were essential for
a successful life. The person must
choose a vocation; not only choose
a vocation, but he must be adapted
for that one particular pathway of
life.

And to be successful, he must love
his chosen vocation. Furthermore,
Mr. Tevis emphasized the fact that
they should keep in touch with mirth,
and to get the best out of life, one
must do so.

Dr. Tevis, throughout his address,
told interesting stories.

U. S. WILL LEND MORAL SUPPORT

President Wilson States That Lead-
ers Must Act Quickly or we
Will Take Hand.

THEY MUST ACT TOGETHER

Intimates that Government Will Help
Restore Country if Necessary.
Wants Protection.

(By United Press.)
Washington, June 2.—Demand
that the present Mexican leaders act,
and act together "for the relief and
redemption of their prostrate coun-
try" was made today by President
Wilson.

In an open review of the Mexican
condition, the president said they
could no longer be tolerated. Unless
the Mexican leaders act as the pres-
ident warns them "this government
will be constrained as to what means
will be employed by the United
States" in order to help Mexico save
herself and her people.

The president declared that it is
time that the government of the
United States should state its policy.
"It must presently do so," he said.
"It will have to do what it has not
heretofore done or felt at liberty to
do, lend its active moral support to
some man or group of men, if such

DOZENS KILLED

(By United Press.)
Galveston, Tex., June 2.—Fully a
dozen Americans have been killed
near Tampico in the past few days,
according to Captain Lane, of the
steamship Winifred which arrived
here today from Tampico. He said
the entire country there abouts is
terrorized by bandits who pay no at-
tention to American life or property.

DEMURRER IS SUSTAINED

Props Knocked From Under Judge
Redman's Case

(By United Press.)
Indianapolis, Ind., June 2.—The
state supreme court today knocked
out from Judge Eli Redman, of Vigo
county, what the attorney general
believes, was the last prop holding
him on the Terre Haute bench. It
sustained the demurrer of the attor-
ney general to the answer filed by
Redman's attorneys setting out that
Redman could not be impeached
pending an appeal from the federal
court. Judge Redman is now in
Leavenworth prison with Donn
Roberts and other Terre Haute con-
spirators.

HEAVY DOWNPOUR.

A heavy downpour of rain in Ar-

"BEST" Says the Housewife too

Millions of them say Calumet is "best"—and millions of them use Calumet day after day for bakings of every kind, for just one reason—its certainty of good results

They know that every time they bake with Calumet, the baking will be fluffy and light as down—tempting and tasty and easily digested. They know that they'll never waste time or materials—that every baking will turn out right. For experience has shown them that with Calumet failures are almost impossible.

That alone is worth the highest price you ever paid for baking powder—but as a matter of fact, Calumet shows a great saving in price over "trust" brands, and is more economical in use than cheap "big-can" brands.

Teaching Middles To Talk
(From The Philadelphia Inquirer)
Those who are pessimistic about
our army and navy should cheer up.
We may not be keeping up with
other nations in the matter of
battleships and in adding to our

knitting and fancy work. But that is
not all, Secretary Daniels was at

**TENT NO GOOD
AS AN OFFICE**
President Will Not Again Try Plan
of Using Canvass For Summer
Office at Whitehouse

PAPERS BLEW ON THE LAWN
Executive Office is Hot Enough But
Not Near The Trouble The
Tent Caused

BY JOHN EDWIN NEVIN
(U. P. Staff Correspondent.)
Washington, June 2.—Tent life in
Washington is a complete failure. If
you don't believe it ask President
Wilson. Last summer, with congress
on his hands, the President viewed
the approach of the heated season
with alarm. He had heard the var-
ious stories of temperatures that
ranged above the 100 mark for
weeks at a time. So he talked the
matter over with various attaches of
the White House. They suggested
that it would be a fine plan to dig
out of the garret the ancient tent
that had done duty as a sort of
dressing tent for former President
Roosevelt and pitch it in the
grounds overlooking the Potomac.
"Great idea!" President Wilson is
understood to have replied. "Fix it
up."
Well it was fixed up. It was a
thing of beauty and a joy forever.
With a fly overhead to shut off the
rays of the sun, and pegged out be-
tween two beautiful elm trees, it
seemed a wonderful office.
The President thought so for a
day. There was a fine mahogany flat
topped desk equipped with tele-
phones and all the labor saving de-
vices of the ordinary man. In one
corner was a fine little table with a
cut glass pitcher filled with lemon-
ade. Easy chairs were in convenient
corners.
"Send in the callers," said the
President on the first day.
Hon. Patrick H. McKenna, chief
doorkeeper for the Chief Executive
and the one individual who has the
ability to make it plain even to a
testy United States senator that he
has overstayed his time began the
ushering of callers to the President.
Along a hall, down a flight of stairs
and out to the tent he took the first
seeker after the Presidential favor.
He had five minutes to stay. After
the Honorable Patrick had waited
ten minutes he went in search of the
missing applicant. He was talking
oblivious to the flight of time. The
calendar fixed to excuse the Presi-
dent at noon ran over until well
past one o'clock, the hour fixed by
custom for the Presidential lunch.
From then on Patrick McKenna
was against the tent.
But the President still believed it
a good thing, he went out there in
the afternoon to be alone with the
problems of state. He said nothing
to anyone at the house. Two hours
after he entered the tent a sudden
squall and rain storm came up and
the wind blew the Presidential
papers all over the greenward.
The next day the morning program
was the same. In the late afternoon
the President went back to do some
work. The wind was from the Potomac
river. On its wings it brought
the real thing in mosquito. And he
brought all of his uncles, all his
cousins and his aunts, to say noth-
ing of his more intimate relatives. What
they did to the Presidential epider-
mis would not be a nice thing for a
patient who does not know how to
exterminate mosquitoes to record.
But for a few days there was an
irate Chief Executive.
From time to time through the
summer the tent was used. But it
was far hotter than the executive
office which has several tons of ice
distributed where it will cool the in-
coming air. And gradually the tent
fell into disrepute. But the final
blow off came one afternoon when
the President was dictating a paper
of state to his private stenographer,
Charlie Swen. Just a short distance
away is the White House tennis
court. It has not been used much
by the family but the Hon. Joseph
Tamm, secretary to the president
and chief buffer between him and
the Ancient and Amalgamated Order

of Job Seekers, utilizes it to keep
rapidly increasing weight which he
says is coming because he follows
the now famous "By the reduction
plan" of not eating more than one
meal that would do for a good sized
section gang. And this day Secre-
tary Tumulty and members of his
"tennis cabinet" were trying to show
tennis should not be played. The
President watched the wonderful
antics of the players and listened to
their joyous repartee for half-an-
hour or so and then said:—
"Come on Charlie, this is no place
to work."
From then on the tent was aban-
doned. Today Secretary Rudolph
Forster asked the President whether
it would be a good plan to have it
refitted for active service.
"Yes," was the reply, "If Tumulty
needs it for a tennis dressing room
to aid his weight reducing. From now
on we will stick to the office to do
our work."

**BOARD OF REVIEW
TO MEET MONDAY**
Thirty Day Session Promises to be
Busy One as Many Will Ap-
pear Regarding Assessments
TO APPRAISE CORPORATIONS

The board of review will begin its
thirty day session next Monday.
Besides fixing the appraisalment of
all corporation property in Rush
county, the board this year will
have to look after real estate ap-
praisements, and from all indica-
tions this alone will keep the board
busy. Numerous complaints have
been heard regarding the increase
in real estate assessments and many
have stated that they will appeal
to the review board.
The board always begins its ses-
sion the first Monday in June and
from the amount of business to
be before the board this time will
hardly be long enough. The board
of review is composed of two mem-
bers appointed by Judge Sparks, the
county treasurer, the auditor, and
the county assessor. Judge Sparks
has appointed Will Havens and
Allen Newson.

\$3000.00 FIRE PREVENTED
Read This Letter:
"Several years ago I called on
Lane & Evans to buy a pump and
they almost forced me to buy one
of your Fig. 28 Red Jacket Double-
Acting Force Pumps and fifty feet
of hose when I only intended to buy
a cheap set length pump. Mr. Lane
put up such strong argument on
"fire protection" that I followed
his advice and bought the Fig. 28,
little thinking that it would be of
any service to me in that respect.
Shortly after the pump was in-
stalled, my barn caught fire and
had it not been for this pump and
hose and the thoughtfulness of
Mrs. Barnett, my barn, house and
all buildings on the place would
have been destroyed."

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

FULTZ HAS NOT GIVEN UP HOPE

Head of Baseball Fraternity Believes High Moguls Will Listen to Demands

IS NO DANGER OF STRIKE

Much Speculation as to What he Has up His Sleeve at Present—He is a Shrewd One

BY BARRY FARIS
(U. P. Staff Correspondent.)

New York, June 2.—Davy Fultz evidently has not given up final hope of getting Baseball Organizations to recognize some of the Baseball Players Fraternity Demands. Despite repeated cold shoulder turn-downs by the big Baseball powers Fultz is as warmly championing his cause as if he had been given all the encouragement in the world.

But whatever becomes of the mysterious antics of the Baseball Players Fraternity's chief press agent there is little danger of any sensational work like that employed last summer. To call a baseball player strike now and have its members ignore the unions' demand for a walkout would be damaging to both the player's cause and the national game itself.

Fultz's shrewd activity among the chief moguls has caused some speculation as to what he has up his sleeves. With the Federal League question still ranking the baseball heads are hardly in a temper to listen to any demands from the players. And whether Fultz realizes it or not the players themselves do not seem inclined to force any issue just now.

The Federal League has absorbed about all the major league talent it can stand. There are indications that it has even dosed itself with the best playing ability on the market. But at any rate there is no haven awaiting for the stars of both big leagues, should their requests to the National Commission be turned down again, granting that is what Fultz is doing. Federal league teams are suffering from poor gate receipts as are all the big leagues this season and unless President Fultz has some real dope to talk about will hardly get the magnates' attention for any length of time.

In fact it is not known what Davy has on his chest. He is so elusive that not even other Fraternity agents know his plans. He holds conferences after conferences with these agents and then they all depart smiling but silent.

He probably is raking over certain demands made last year by the Fraternity, and which the Commission flatly turned down. If he has any new leads he would not be so anxious to guard them. For without publicity all the demands in the world of the Fraternity would avail nothing. And old boy Davy knows this as well as any other press agent.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers. They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santanel Remedies Co., 802 Madison Ave., Covington, Ky.

DANVILLE REMAINS DRY

Township Gives Majority of 96 Votes Against Saloons

Danville, Ind., June 2.—By an increased majority Center township, including the city of Danville, voted "dry" yesterday. The "dry" majority was ninety-six, an increase of twenty-six votes over two years ago. The vote was very heavy, nearly 1,000 being cast. The women of the city took an active part in the election, remaining at the polls all day and assisting in getting out the vote. Many college students were challenged when they voted and prosecutions are likely to follow.

ORDINANCE No. 265

Prohibiting the Sale, Discharge and Firing of Fireworks and Other Pyrotechnics and to Limit Their Storage Within the Corporate Limits of Rushville, Indiana.

SECTION 1—Be it ordained by the common council of the city of Rushville, Indiana, that the discharging, firing and use of all fireworks, rockets, torpedoes, Roman candles and other fireworks or substances designed and intended for display and all pistols, guns, canes, cannons and other appliances using blank cartridges or caps containing chlorate of potash mixture, and the same are hereby prohibited. Provided, that the common council of said city may by order duly made permit the public display of fireworks by properly qualified individuals; and provided, further, that such display or display shall be of such character and so located, discharged, and fired as shall not be hazardous to surrounding property or endanger any person or persons. Such permit for such public display of fireworks shall not be granted except that the person, persons, firm or corporation desiring to give or make such public display shall file a written request thereto, with said common council, which said application shall give a detailed description of the kind, character and nature; and the means and method of handling said materials, and shall set forth the place or places where said display is proposed to be given.

SECTION 2—It shall be unlawful for any person, persons, firm or corporation within the corporate limits of the City of Rushville, Indiana, to keep or exhibit for sale at retail or wholesale, any fireworks, fire crackers, rockets, torpedoes, Roman candles or other appliances using blank cartridges or caps containing chlorate of potash mixture.

SECTION 3—Any person, persons, firm or corporation violating any of the provisions of this ordinance shall be fined not less than \$10.00 or more than \$25.00, and in case of default or sale of fireworks, each day shall count and be held a separate offense.

SECTION 4—All ordinances and parts of ordinances in conflict herewith are hereby repealed.

SECTION 5—This ordinance shall be in full force and effect from and after its passage and the publication thereof as required by law.

THE BEST PROOF

Given by a Rushville Citizen.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Rushville residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Rushville residents.

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "I had to get up several times at night to pass the kidney secretions, which were sometimes attended with pain. I had severe backaches, too. I finally got Doan's Kidney Pills at Johnson & Co.'s Drug Store and it did not take them long to make me well. The pains left and the action of my kidneys became regular."

(Statement given June 1910.)

Over two years later, Mr. Levi said: "I am still free from kidney weakness, thanks to Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Levi had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Foster's Catarrh Cure. Send for circulars, free.

QUESTIONS ASKED COUNTY CHAIRMEN

National Democratic Organization Obtaining Feeling Regarding President

ASKS ABOUT PROGRESSIVES

"Have the Republicans and Progressives in your county gotten together, or are they getting together? If the national election should occur today would Democracy fare better or worse than in 1912?" and a large number of other questions are asked of Samuel Trabue, chairman of the Democratic county central committee in a list of questions which he has received from the national headquarters of the party in Washington.

These questions are being asked of all county chairmen in the United States. The poll, which is thus being taken, is the first any party has undertaken of a nation-wide character in preparation for the 1916 campaign. Questions are also asked about business conditions and how the Democrats feel towards the president and his administration. The condition of the Republican party is also asked as to whether organization is alive and as to what results they have attained.

Backbone or a Wishbone?

It is always better to have a backbone than a wishbone. It's better to wander a bit and then get back than never to act at all and wish you had. Experience teaches.

Each week for years I've been telling you fellows what I thought was the best thing for you when you need a pair of shoes. Come to the place where the stock is known to be right. How many thousands have followed the lead, I don't know, but certain it is that those who haven't are few. If you are one of "the few" again I say "Try It."

There isn't a chance in the world it will hurt you. The majority of your neighbors say it will help. If you find you don't agree with them it's a Short Cut Back. I know the trip will do you good. Next time you need a pair "get started" for once and see for yourself how the going is in a pair of our snappy shoes.
